SUPPLY ~~INSTRUCTION~~ INSTRUCTION
NO. 45-51

SAT 45-51
December 1974
~~1975~~ 1977
OCTOBER

SUBJECT : Funding for Equipment Modification, Repair, and Testing

REFERENCE: ~~SAT~~ 1-4, Delegations of Authority to Supply Division Officials
dtd 21 July 1974

~~RESCIND : SAT 45-51, Equipment Modification and Repair Account,
dtd 2 October 1962~~

1. PURPOSE

This instruction establishes procedures and assigns responsibilities within the Supply Division (SD) for the repair, testing, or modification of any stock items for which the Office of Logistics (OL) exercises technical cognizance.

2. GENERAL

- a. Contractual services or other direct expenses incurred for the repair, testing, or modification of any stock items for which OL exercises technical cognizance will be ~~CHARGED TO THE APPROPRIATE~~ ^{MATERIAL} Procurement Allotment (MPA) funds. *Issues from stock for purposes of repair, testing, or modification will be charged to Property Requisitioning Authority (PRA). Financial Analysis Numbers (FAN's)

[]	General Stock	8 198-1007	8 198-5710
	ORDNANCE STOCK	8 198-1001	8 198-5720
	AIRBORNE STOCK	8 198-1002	8 198-5720

(Note: *The underlined digit will change with the fiscal year.)

- b. General stock items and ordnance/airborne items will usually be in storage at [] respectively. Other activities exercising technical cognizance of items in storage may be assigned ~~MPA~~ funds for repair, modification, or testing of the items they manage.

3. RESPONSIBILITIES

- a. Supply Management Branch (SMB) will approve the repair, modification, or testing of items other than ordnance and airborne, subject to the limitations of the referent ~~SAT~~, and will initiate action to adjust the price of modified items if necessary.
- b. Technical Advisory Section, Operations Support Branch will approve the repair, modification, or testing of ordnance and airborne items, subject to the limitations of the referent ~~SAT~~, and will establish through SMB necessary price adjustments for ordnance and airborne materiel.
